Committee's Corner

Dear Other Siders,

I struggled with the decision to weather cancel the meeting on 1 February. Murphy's Law (# unknown), says that if I did cancel, someone would show up. And that if we didn't cancel, nobody would show up. I called TREA, they were open (just for us) and lunch was in the oven. With that info, I decided to go. The fact that it was -9 degrees (not including wind chill), at 1030 in the morning was significant. You cannot call the 15 of us that braved the cold and wind cowardly, gutless or lily-livered!

Hope to see you in Phoenix or at the meeting next month!

Best Always,
Jan

Howdy Duty

I have listened to many stories over the years, some with hand gestures in flight formation, some without. The men and women of the COANG have always had a lot to share. Please send in that moment in time that kept you in the Guard.

Sick Call

Dick Parkos - On January 25, Dick sent Jan an email saying he "Had another bout of prostate cancer and biopsy - this time 90% cancer free. Had a stress test that came back bad and was going to go in for a heart cath."

Chatting on-line with Dick on the 11 Feb, he said he had robotic heart surgery the on 26 January. Apparently, the docs were working on one artery, when another burst. They stopped the bleeding just in time. He is at home, about 90%. He has lost 25 pounds and is very grateful to be alive. He wrote "God didn't need a Colorado Guardsman in heaven; he still has more work to do (down here)."

MEETINGS

WHAT DO YOU THINK?

We would like your opinion on conducting an **additional** meeting on a weeknight or on a weekend for those who cannot attend the monthly Tuesday meeting. We did not receive any responses after the November Newsletter and would love to hear from those of you who are still working for a living. Please contact any Committee Member, as we would like to include as many as possible. (You might even enjoy yourself or find a long lost Guardsman.)

Committee's Corner

Dear Other Siders,

Have you had chance visit the NEW Wings Over The Rockies Museum? The museum has just completed a remodeling of the hangar. The entrance is a three story airport control tower overlooking the entrance. The second level will have a restaurant and there is a patio outside over the B-52. The B-52 has been elevated and repainted its original "reckie" colors and the new Air Force "Hap Arnold" symbol is in the driveway turnaround. The entire hangar floor has been coated with a white epoxy coating and is bright making the airplanes really stand out. There is a now mezzanine level along the entire length of the hangar which you can view the airplanes on the hangar floor. The COANG Air Heritage folks have been repainting the COANG Air Heritage museum entrance. Come over and take a look!!!

HOWDY DUTY by Joe Harnke, MSgt (Ret)

My career started with the Colorado ANG in June 1960 when a T-33 crashed shortly after take-off from Lowry. All jet Aircraft (AC) Transient Services from Lowry AFB was terminated and moved to Buckley (BKF). In 1966, Lowry closed to all AC traffic. As a civilian employee, along with other mechanics, some ANG troops, we were contracted and paid by Lowry AFB to provide transient services. Aircraft from all military bases liked to come to BKF because of our location and excellent turn around services. Aircraft that Remain Over Night (RON) had good times; great nightlife in Aurora and skiing during the winter. During the peak, we averaged 1,000 aircraft a month. A typical weekend, aircraft parked so close, at times, on some, you could not walk between wing tips. Quality Control later enforced the 10-foot rule. In 1963, there was a blessing in disguise; Col Marooney conducted a meeting with all employees to announced that "MAYTAG" submitted a bid to contract Transient Services. The Colonel stated that all employees that were eligible could join the ANG or be terminated. Being ex-Navy, I enlisted in the COANG. I still think it was part of a scheme to increase ANG quotas.

One of many stories...in the summer of 1970, a T-38 from Randolph, TX landed. After being parked, the pilot said he had hit a jackrabbit upon landing. Later on after a thorough cleaning and performing a landing gear retraction check, reports came down; it was an antelope. Damn, how things are bigger in Texas! The Fire Department Crash House grilled antelope burgers.

In 1968, the Vietnam Call-Up, I was stationed at Cannon AFB, NM, T-33 Phase Dock. Transient maintenance slowed in 1978 and I was rifted back to Lowry AFB as a Heavy Equipment Mechanic Foreman. I retired from the ANG in 1981, was reassigned to Buckley ANG Vehicle Maintenance in 1986, and retired from Civil Service in 1994, with 37 years of service.

The Transient Services was awarded the Rex Riley Award for Excellent Services, year after year; another milestone for the COANG, being the best of the best.

I often think about the blessing in disguise and what it means to me now. I am proud to have served with the Colorado ANG. My salute goes forward, especially when the F-16s flyover before the Broncos games.

Committee's Corner

Dear Other Siders,

This will be short (ha, ha) to make room for other articles. We changed the date for the July meeting to the 12th, due to the holiday. In the past when we have the meeting immediately after the 4th, we noticed the attendance is down. By moving it a week we are hoping to enable those who have traveled out of town to recover from their fantastic, fun filled adventures. I made another boo-boo (say it isn't so)...Herman & Peggy Klap, were inadvertently omitted from the list of attendees at the Phoenix Mini-Reunion. They arrived on Thursday and stayed with us for the weekend, from their home in Sahuarita, AZ.

Remember those you love and those who sacrificed for our freedoms. Have a safe and extraordinary Memorial Day weekend!

Best Always, Jan Love

Sick Call

Diana Parkos (Received 5 May) Diana got her staples out today (52), she did well with the procedure and saw the injury and repair for the first time. Pain medication is a wonderful thing. She will begin with very light physical therapy to start the process of bending the knee again. This is delicate due to the two wire loops that are holding the knee cap in place through the femur and fibula. Still two months of no weight bearing at all, so I got her a bell and bulb horn for her wheelchair. Amazing how they get out of the way...too bad it does not work on the interstate. (that's why I have blue lights on my state car). The prognosis is still holding at being able to walk again assisted. I would bet that Diana will do more than that. We are going to try and sing with the choir this weekend. The group of us have such a beautiful sound together and it means a lot to both of us.

God Bless and have a great evening.

Richard (Dick) Parkos

Sabrina Taylor (Received 15 May 2011) Just an up date on Sabrina, She is home for a week now and doing much better. She even doesn't have to wear Oxygen. She has a visiting nurse in every day and the doctor says that she is doing fine. Thank you for your prayers.

Ranger Curran, Sr., Col (Ret) COANG, 92, made his final landing on April 19, 2011. He was born in Boston, Mass. on June 18, 1918, the son of Arthur M. and Helen Ranger Curran. He was a World War II fighter pilot, logging 340 combat hours, and won the Distinguished Flying Cross, among other medals. In 2002, he was inducted into the Air National Guard Hall of Fame for his participation on the nation's first jet precision acrobatic team, The Minute Men. He is survived by his wife, Celia, 10 children, 25 grandchildren, eight great-grandchildren and countless 'shirt-tail' relatives. Col Curran's obituary was quite extensive. Please check the following publication for a complete copy: **Published in Athens Banner-Herald on April 22, 2011**

Robert J. Zepp We were informed at the May meeting that Bob Zepp past away in October 1, 2010. He was buried at Ft Logan National Cemetery.

Ronald Schomber, SMSgt (Ret) Memorial services will be held on Sat. May 28, 2011, at 11 a.m. at the Southern Arizona Veterans Memorial Cemetery with full military honors.

Subject: Ron is rejoicing in Heaven

Hi friends,

I haven't been in contact with you for some time. Ron has been in the hospital more than out. Thursday May 19 he went home to be with Jesus. The Lord God Almighty gave him relief from pain. Ron was witnessing in devotions and sharing Jesus with many people in the hospital and nursing home. He was standing up for Jesus in his power chair. I need your prayers because after nearly 52 years this is hard. But God will see Della, Christine and I through. Ron started journaling so I have many sweet memories to reflect on. God Bless you all.
